

FireOne Flames

Colours and flames always create an impressive spectacle, no matter how you use them! To date, FireOne is synonymous with fireworks displays made up of hundreds of shells that light up the sky. FireOne's contribution to the pyrotechnics industry is quite intricate and elaborate. Being the leaders in the industry, FireOne are providing pyromusical displays (both indoor and outdoor) using flame projectors. FireOne enhances these displays with stunning computer-controlled effects.
